

Oncology Infusion Services

The Touchette Regional Hospital (TRH) Oncology Infusion Center provides comprehensive health care to adults age 18 years and older requiring a variety of infusion therapies, focused predominantly on patients with oncologic disorders. The Center provides a pleasant relaxing atmosphere for treatment.

Our center is staffed by an experienced, certified Oncology Nurse Clinician who administers quality physical and emotional support, enabling each client to achieve a realistic quality of life within the confines of their disease and treatment. Oncology services are directed by a Board Certified Oncologist.

Our mission is to work closely with physicians; patients and their families; and other healthcare providers to deliver safe infusion therapy by experienced staff in a comfortable environment.
